

Postsecondary Enrollment Options

PSEO is a dual enrollment program that allows 11th and 12th-grade Minnesota students to enroll in FREE college courses that earn them credits simultaneously for both high school and college.

Crown is a fully accredited college that offers quality academics and a boldly Christian environment. We partner with your high school to offer in-person PSEO classes conveniently located at your school. Students take classes in a hybrid format in which Crown's online instructor partners with a teacher from your school.

CROWN COLLEGE

Concepts of Personal Finance BUS 130 P4 (3 Cr)

A practical study of what Scripture says about financial stewardship, tithing, giving, investing, and the use of debt. Students will develop personal budgets and financial goals. Discussion will also include the use of various types of credit and insurance.

Public Communication COM 1515 P9 (3 Cr)

This course provides the student with an introduction to the theory of the communication process. Topics include analyzing a target audience, organizing material, preparing an effective method of delivery, and developing informative and persuasive speeches. Each student will deliver speeches that are videotaped and evaluated. This course is equivalent to: COM 133

Emergency Medical Responder DEM 2156 P2 (3 Cr)

This course provides the essential knowledge needed to provide emergency care in circumstances of acute injury or illness. Students who successfully complete this course will receive Emergency Medical Responder certification.

American Literature ENG 2510 P2 (3 Cr)

An overview of non-dramatic literature of the United States, showing its development from colonial times to the present. Students also work individually and collaboratively to explore topics, works, and authors representing multi-cultural voices in the changing canon of American literature.

Spanish III LAN 335 P4 (3 Cr)

The purpose of the second-year courses is to increase the student's ability to speak, understand, read, and write the Spanish language. The courses will also increase the student's awareness of Hispanic culture and will review aspects of Spanish grammar. Prerequisite: LAN 256 or consent of the instructor

Precalculus MAT 1410 P4 (3 Cr)

This course covers concepts that are foundational for calculus. Topics include trigonometry, analytic geometry, probability, vectors, sequences and series. Students will also be introduced to the topic of limits. Prerequisite: MAT 131

Calculus I (Part B) MAT 2432 P4

This course is the second of a two-part series that covers the first semester of college Calculus as defined by Crown College (MAT 243 - Calculus I). Students must take both parts to get credit for Calculus I. Integration is introduced including work with the definite integral and integral applications. Inverse functions and their derivatives, including exponential, logarithmic and inverse trigonometric functions are also covered. Not to be taken in addition to MAT 243. Prerequisite: MAT 243

American Government POL2510 P2

This course examines the politics and processes of American government at the national, state and local level: the constitutional foundations of American government; national institutions, chiefly the presidency, Congress and Supreme Court; and the political forces that shape American government, including elections, parties and interest groups. This course is equivalent to: POL 232
