

ABOUT US

Crown is a fully accredited college that offers quality academics, convenient online options, and a boldly Christian environment.

PSEO OPTIONS

Crown is excited to offer Post-Secondary Enrollment Options (PSEO) to qualified Rise Up students. PSEO is a Minnesota program that allows 11th and 12th-grade students to enroll in free college courses that earn them credits simultaneously for both their high school diploma and college degree.

Students take classes in a hybrid format in which Crown's online instructor partners with a teacher from Rise Up. The courses have a low student to instructor ratio. All PSEO students are supported by a dedicated PSEO academic advisor.

SCHOLARSHIPS

A Crown PSEO Scholarship is available to students who attend Crown PSEO and then enroll as full-time first-year students the following academic year. The maximum amount of this scholarship is \$500 per year if attending on campus.

A Crown Christian High School Partner Grant of \$2,000 per year is available to students who enroll as full-time first-year students and who attended a partner Christian High School institution or a homeschool/PSEO Crown partner.

The Crown PSEO Scholarship and the Christian High School Partner Grant are renewable and stackable. Students must maintain Satisfactory Academic Progress to renew their scholarship.

Students may also qualify for additional aid. Students must demonstrate financial need as determined by the FAFSA.

Students enrolling in an online degree program are eligible for a 25% off tuition discount.

APPLICATION INFO

- Students must have a minimum 3.0 high school GPA
- No standardized tests are required for admission
- The tuition and books are FREE for Minnesota students
- Application Deadlines:
 - August 1st
 - December 1st

To apply, students must complete and submit the following:

- An online Crown application
- A MN Dept. of Education form
- An official high school transcript

Continuing students do not need to re-apply

**CROWN
COLLEGE**

Fall Semester 2025

Aug 27-Dec 19

IT 1060 Intro to Computer Applications (3 Cr)

A practical introduction to common computer software applications for workplace settings including programs for word processing, spreadsheets and presentation. Students learn through hands on activities and applied projects.

LAN 255 Spanish I (4 Cr)

This course introduces the student to the sounds, basic vocabulary, and structures of the Spanish language through listening, speaking, reading and writing, and beginning awareness of the cultural context of the language. Communicative skills are reinforced through practice in integrated laboratory activities.

PSY 130 General Psychology (3 Cr)

This course is designed to provide a broad overview of the field of psychology. Topics include research in psychology, the brain and nervous system, sensation and perception, memory, emotion, learning, psychological disorders and psychotherapy. This introductory course aims to help students think deliberately and skillfully about human behavior and mental processes.

Spring Semester 2026

Jan 14-May 15

BUS 130 Concepts of Personal Finance (3 Cr)

A practical study of what Scripture says about financial stewardship, tithing, giving, investing, and the use of debt. Students will develop personal budgets and financial goals. Discussion will also include the use of various types of credit and insurance.

LAN 256 Spanish II (4 Cr)

This builds on the work of Spanish I as an introduction to the sounds, vocabulary, and structures of the Spanish language through listening, speaking, reading and writing as well as awareness of the cultural context of the language. Communicative skills are reinforced through practice in integrated laboratory activities.

Prerequisite: LAN 255 or consent of the instructor

MAT 130 Mathematics Survey (3 Cr)

A mathematics course designed for the liberal arts or general education purposes, including quantitative literacy and mathematical competency. The course consists of problem solving and mathematical modeling. Topics include set theory, operations, percent and decimals, linear equations and their applications, slopes, parallel and perpendicular lines, systems of equations, counting techniques, probability and descriptive statistics.

PSY 236 Developmental Psychology (3 Cr)

Human psychological development from birth to death is studied. Consideration is given to psychological, emotional, cognitive, social, moral, and spiritual development and experiences. Prerequisite: PSY 130
